

5 Days and 4 Nights Lake Nakuru and Masai Mara Camping Safari

Safari Highlights

This is a safari to Kenya's greatest concentration of game - the Masai Mara which is a continuous ecosystem with the Serengeti in Tanzania. The ultimate action here is without doubt the annual wildebeest migration in July and August when millions of these grass eaters move north from the Serengeti in search of lush grass before turning back south again in October. On our way there, we pass through Kenya's rift valley escarpment which offers some breath taking views. Lake Nakuru National Park makes a great overnight stop over giving us an opportunity to see the endangered Black Rhino and the flamingoes.

Safari Attractions

- Mau Escarpment
- Flamingoes
- Rift valley
- Wildebeest migration (July - October)
- Big 5 (elephants, rhino, buffalo, lion, leopard)
- Masai village visit (optional)
